

**Various attaching machines
for self-drivers available**

Attaching machines for self-drivers: Radial sweeper

Radial sweeper R 900 | R 900-E

- working width 900 mm
- robust, stable bristles for moving large quantities of debris
- thanks to the special bristle angle, it gets into every corner
- direction of rotation can be flexibly controlled (right/left)
- easy change of the bristle set

Available for:

- Cleanmeleon 2 Electric
- Cleanmeleon 2 with hydraulic

Radial sweeper R 1000

- working width 1000 mm
- for sweeping large quantities of debris
- thanks to the special bristle angle, it gets into every corner
- direction of rotation can be flexibly controlled (right/left)
- bristle set can be changed quickly by using screws
- side plate available

Available for:

- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Segment sweeper WSB 1400

- working width 1400 mm
- easy construction, very low maintenance
- Segments can be inserted variably (e.g. PPN-wire-PPN...)
- Segments can be easily expanded and exchanged
- Right / left rotation adjustable
- sweeping possible up to 15 km/h driving speed

Available for:

- Cleanmeleon 2 PRO

Attaching machines for self-drivers: Large area cleaning

Axial sweeper AX 900 | AX 900-E

- working width 900 mm
- overhead sweeping principle with pendularly suspended roller brush
- leading roll-off lip guides the debris to the roller brush
- AX 900 expandable with up to two additional side brushes
- AX 900-E expandable with one additional side brush

Available for:

- Cleanmeleon 2 Electric
- Cleanmeleon 2 with hydraulic

Axial sweeper AX 1200

- working width 1200 mm
- overhead sweeping principle with pendularly suspended roller brush
- leading roll-off lip guides the debris to the roller brush
- AX 1200 expandable with up to two additional side brushes
- Sloping left / right for free sweeping possible (only with raised foam roller)

Available for:

- Cleanmeleon 2 PRO

Snow plough

- working width 1600 mm
- with robust protective edge
- can be swiveled to the left and right
- pushes both snow and dirt

Available for:

- Cleanmeleon 2 Electric
- Cleanmeleon 2 without hydraulic
- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Attaching machines for self-drivers: Moss and weed removing

Radial sweeper R 1000, wire

- working width 1000 mm
- pure wire brush
- excellent and sustainable green removal on paved surfaces when used regularly
- thanks to the special bristle angle, it gets into every corner

Available for:

- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Weed brush WKB 550

- working width 550 mm
- sturdy wire braids remove moss and heavy green growth
- brush arm can be swiveled manually by 180 ° from left to right
- swept up to the edges

Available for:

- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO

Weed brush WKB 660

- working width 660 mm
- 3 rotating brush holders each with 4 wire braids under the brush container attack the plants from all sides
- floor-protecting work thanks to even pressure distribution
- quick exchange of the wire braids via quick-change system

Available for:

- Cleanmeleon 2 PRO

Attaching machines for self-drivers: Feeding table maintenance

Radialbesen R 900 | R 1000

- working width 900 mm | 1000 mm
- even large amounts of feed can be moved
- Mold residues and smear layers are reduced

Available for:

- Cleanmeleon 2 Electric (only R 900)
- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Feed auger FA 800

- working width 800 mm
- open windings loosen and upgrade the feed and bring it back to the animals
- mold residues and smear layers are reduced
- can be equipped with an additional side brush

Available for:

- Cleanmeleon 2 with hydraulik
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Lime and feed spreader

- ideal for evenly sprinkling lime
- can also be used as a concentrate feeder
- with dosing opening in the manually swiveling ejector bar

Available for:

- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO

Pushing shield 80-160

- working width can be flexibly adjusted from 80 - 160 cm by using a perforated strip
- perfect for narrow passages

Available for:

- Cleanmeleon 2 Electric
- Cleanmeleon 2 without hydraulic
- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Attaching machines for self-drivers: Running and lying area maintenance

Scraper ASS 800 | ASS 800-E • ASS 900 | ASS 900-E • ASS 1200

- working width 800 mm, 900 mm or 1200 mm
- with two rubber lips attached one behind the other
- C-shaped front does not allow rubbish to drift to the side
- Side brush for sweeping the lying surfaces is *optionally* available

Available for:

- Cleanmeleon 2 Electric
- Cleanmeleon 2 without hydraulic (then only without side brush)
- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Washer SW 800 • SW 900 • SW1200

- working width 800 mm, 900 mm or 1200 mm
- incl. 150 l water tank, filter, high pressure pump, clearing stars
- adapter for high pressure lance available as an accessory

Available for:

- Cleanmeleon 2 with hydraulic
- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL

Spreader EG 580

- high quality, robust guide wheels
- flexible spreading paddles transport the spreading material out
- self-filling by tilting the container down (using the hydraulic cylinder)
- also available as trailer version

Available for:

- Cleanmeleon 2 with hydraulic

Spreader EG 540

- high quality, robust guide wheels
- flexible spreading paddles transport the spreading material out
- Selbstbefüllen durch Herabkippen der vorderen Schaufel

Available for:

- Cleanmeleon 2 PRO
- Cleanmeleon 2 XL
